Background

The CRNM carries out its mandate, duties, powers, and governs its members in a manner that serves and protects the public interest. As such, Council sets policy direction to lead the CEO/Registrar and team and monitors progress and achievement of Public Benefit Policies and compliance with Executive Expectations Policies.

In support of this, the Council recognizes that it also has an obligation to create a supportive environment and to provide tangible support to the CEO/Registrar in this important role.

Along with evaluating the CEO/Registrar, the Council has an obligation to support the ongoing learning and development of the CEO/Registrar. The policy below exists to clarify this aspect of the Council-CEO/Registrar relationship and to make this commitment transparent.

Policy

The Council will ensure there is a mechanism in place to provide input, dialogue, support, and development for the CEO/Registrar by:

- Monitoring the CEO/Registrar's results (through the Council Monitoring of the CEO/Registrar Policy), providing feedback on the results achieved, and contributing to CEO/Registrar's learning.
- Being available to the CEO/Registrar to discuss competing Public Benefit priorities as needed and to give input to redefining priorities among the Public Benefit Policies as required.
- Being available for consultation and support through informal discussion with the Chair, Chair Elect, or one or more members of the full Council as requested by the CEO/Registrar. (Note: The CEO/Registrar is not obliged to follow any particular course of action as a result of these informal, consultation discussions).
- Enabling the CEO/Registrar to place critical items on the Council meeting agendas in keeping with the Council Meeting Process Policy.
- Providing reasonable resources and support for the ongoing learning and professional development of the CEO/Registrar in areas relevant to achievement of the CRNM's Public Benefit Policies.
