Complaint Investigation Committee Decision

Voluntary Surrender

Background:

On April 20, 2017, the College of Registered Nurses of Manitoba (the “College”), Investigation Committee directed the Executive Director to impose conditions on Dulcedita Pery’s registration in accordance with section 26(3) of the Act. The conditions include restrictions on Ms Pery’s scope of practice as well as a requirement to complete specific course work to address identified gaps in her registered nursing knowledge.

Decision:

On October 12, 2018, Ms Pery’s offered to voluntarily surrender her certificate of practice (formerly referred to as registration) as she had not successfully completed specific courses. The committee accepted her voluntary surrender.

In the event Ms Pery wishes to seek reinstatement of registration, the committee requires her to provide evidence of successful completion of the specified course work.

The committee believes that this voluntary surrender should be published to be transparent with its decisions and in compliance with the College policy on publication as well to educate the public and RNs regarding the expectation that RNs comply with conditions, undertakings or orders.
