Instructions for Internationally Educated Nurses (IENs)

Application Process

Our primary mode of communication with applicants is by email. Please provide a valid email address on your application form and check your email (including your junk folder) on a regular basis. Once your application has been reviewed, you will receive a confirmation email outlining all requirements needed to complete the application process.

In order to practise as a registered nurse in Manitoba and use the designation registered nurse, RN or graduate nurse, GN, you must hold a valid certificate of practice with the College of Registered Nurses of Manitoba (the College) in the registered nurse membership class or the graduate nurse membership class.

This application package is for you if you were educated as an RN outside Canada and are currently or have ever been registered as an RN with the regulatory body in the country where you completed your entry-level RN education.

Step 1

All IENs must first apply through the National Nursing Assessment Service (NNAS). After the NNAS advisory report has been generated, you must submit an application package directly to the College. Do not submit an application to the College until the NNAS advisory report has been prepared.

More information: nnas.ca

We do not keep any documentation received before an application file has been opened and assigned an applicant number.

Step 2

To open an application file, you must submit the following four items as one complete package:

Internationally educated nurse application form

Fees

Application processing fee: \$ 483.00 CAD

CCA assessment fee: \$ 336.00* CAD

Total: \$ 819.00 CAD

**This fee is in addition to any fees charged by the CCA Assessment Centre.*

Proof of identification

Acceptable forms of identification include a copy of your:

- passport
- permanent resident card
- driver's license
- other government-issued picture identification and marriage/divorce certificate (only to verify name change)

Proof of immigration status

You must provide a copy of current Canadian immigration documents (e.g., Canadian citizenship, permanent residency documents, temporary resident visa, student visa or authorization under *The Immigration and Refugee Protection Act (Canada)*). For information about immigration, visas or working and studying in Manitoba, please contact the Canadian consulate in your country or Citizenship and Immigration Canada. We do not provide information or assistance with immigration matters.

Your registration assessment will begin once we receive all requirements listed above as one complete package. Any items received separately will be discarded.

Step 3

We require the following items before your application will be considered complete and brought forward for assessment:

Report from NNAS

Background Checks

The following three checks are required:

- nationwide criminal record check (with vulnerable sector search)
- adult abuse registry check
- child abuse registry check

See our fact sheet on background checks for details on what is required and how you can obtain these.

□ English Language Proficiency

All applicants must meet the English language proficiency requirement. There are three ways in which this requirement can be met:

1. The applicant is currently registered as a registered nurse in another Canadian jurisdiction where evidence of English language proficiency was required for registration eligibility and there is evidence of safe practice within the past two years working as an RN in that jurisdiction; or
2. The applicant has successfully completed an approved basic nursing education program in Canada within the past two years and where the education was provided in English or there was an English language requirement for admission to the program; or
3. Provide evidence of having achieved acceptable scores on one of the accepted English language tests.

See our fact sheet on language testing for more information.

Applicants from the Philippines:

Applicants who wrote the June 2006 licensure examination in the Philippines must provide proof of having successfully completed the special voluntary examination, which was authorized by the Philippine Department of Labour and Employment (DOLE), Parts III (3) and V (5). Successful completion is the achievement of a score of 75% or better on these sections. If an applicant has not written the special voluntary examination or cannot provide proof of such, they may not be considered as an applicant for registration.

Next Steps

If there are inconsistencies in any of the information you provide during the application process, we reserve the right to require additional supporting documentation, which may be over and above the items outlined above. The College may make improvements or changes to the information described at any time without notice.

Following receipt of the registration requirements outlined above, your application will be considered complete and assessment will begin. Your application will be assessed for evidence of competence to practice that is substantially equivalent to the competencies required of registered nurses in Manitoba. If the documents you submitted meet our minimum application requirements, you will be referred for a CCA.

College Policy on Assessment of Nursing Education

Applicants who successfully completed post-secondary registered nursing education outside of Canada are eligible for referral to undergo a clinical competence assessment if there is evidence of:

- A minimum of two years of post-secondary nursing education that includes theoretical instruction along the health continuum and which includes providing care to people of all ages, genders, in a variety of settings; and
- The nursing program included a minimum of 1,450 clinical practice hours (not including laboratory or clinical simulation) as per the Standards for Nursing Education Programs; or
- The nursing program included a number of clinical practice hours (not including laboratory or clinical simulation) that, when combined with the applicant's verified RN practice hours post-graduation, equal a minimum of 1,450 hours.

Exam Eligibility

You will be notified when you are eligible to apply to write the NCLEX-RN. You must write and pass the exam in order to be eligible to apply for registration with the College. If you have already passed the NCLEX-RN, you will not need to write the exam again. However, passing the exam is only one of the requirements. You must still complete the international process which begins with your application to NNAS. If all the requirements listed above are not received within six months from the date a file is opened, the file will be closed and you will need to begin the application process over again.

Fees

Registration fees vary depending on the time of year. You can find a full list of fees on our website:

College of
Registered Nurses
of Manitoba

Background Checks for Registration

Background checks are required as part of *The Regulated Health Professions Act* (the RHPA) and the College of Registered Nurses of Manitoba General Regulation.

If you are applying for initial registration or reinstatement, you must submit a background check that includes a satisfactory:

- nationwide criminal record check
- adult abuse registry check
- child abuse registry check

This is also a requirement for RNs and RN(NP)s renewing their certificates of practice, but is only required once every five years of continuous registration. You will be notified by email when it is your year to submit this information.

Once submitted, all copies of criminal record checks and abuse registry checks become the property of the College. They will not be returned unless you submit them with a self-addressed stamped envelope or make arrangements for pick-up at the time of submission.

Criminal Record Checks

Important Information

- Canadian residents must submit a Canadian Police Information Center (CPIC) check.
- Criminal record checks must include a vulnerable sector search.
- Please ensure all current, former, alias and other names used are shown on the criminal record check.

If you do not do this you will need to have the search redone.

- If you currently live or have lived outside of Canada within the last six months, you must provide a criminal record search based on a nationwide search from the appropriate law enforcement agency in that country. This process may include submitting fingerprints. The police agency in that jurisdiction can provide you with more information on the process and any fees.

Initial Registration or Reinstatement

Criminal record checks submitted for these applications must be dated within the previous six months.

Renewal of Certificate of Practice

Criminal record checks submitted for renewal must be dated in the calendar year prior to the renewal year for which the check is required. For example, if the check is required for 2019 renewal, it must have a 2018 issue date and be submitted by the renewal deadline in order to be accepted.

How do I obtain a criminal record check?

Contact your local police agency to obtain a criminal record check. If you live in Altona, Brandon, Morden, Rivers, Winnipeg and Winkler, contact your local police service. We will accept the Online Police Information Check from the Winnipeg Police Service. All others must go through your nearest Royal Canadian Mounted Police (RCMP) detachment.

If you currently live or have lived in other parts of Canada within the last six months, you can contact your nearest police agency, the RCMP or visit the Winnipeg Police Service.

If you currently live or have lived in the United States within the last six months, you must submit a nationwide search through the [Federal Bureau of Investigations \(FBI\)](#).

If you currently or have resided in the Philippines within the last six months, you must submit the search by the National Bureau of Investigations (NBI).

How do I submit my criminal record check?

Once the criminal record check has been performed, you will need to arrange for the College to receive an original copy of the results. Faxes, photocopies and scanned copies will not be accepted.

In Canada, if a record exists in the national repository, it cannot be disclosed unless verified by fingerprint comparison. In this case, the police agency will advise you of the steps you must take to obtain this record. This process may take up to 24 weeks.

If the results of your criminal record check discloses a criminal record, we will advise you of the necessary next steps.

Adult Abuse Registry Check and Child Abuse Registry Check

Important Information

- Please ensure all current, former, alias and other names used are shown on the registry checks. If you do not do this you will need to have them redone.
- Abuse registry checks submitted with an application for initial registration or reinstatement of a Certificate of Practice must be dated within the previous six months. Abuse registry checks are considered valid for one year from the date they were issued.
- Abuse registry checks submitted to satisfy a Certificate of Practice renewal requirement must be dated in the calendar year prior to the renewal year the checks are required for. For example, if the registry checks are required for 2019 renewal, they

must both have a 2018 issue date and be submitted by the renewal deadline in order to be accepted.

- Processing times vary, we recommend ordering as soon as possible so as to avoid unnecessary delay and potentially missing deadlines

How do I obtain these checks?

The adult abuse registry check and the child abuse registry check are separate checks but they can be ordered at the same time online [here](#).

Search results cannot be received electronically but can be mailed to you or picked up in person. Applications can also be submitted by mail or in person:

1st floor - 777 Portage Avenue (Winnipeg).

[Visit the Child Abuse Registry website](#)

[Visit the Adult Abuse Registry website](#)

How do I submit these checks?

Once you have received the results of your adult abuse registry check and child abuse registry check, you will need to arrange for the College to receive original copies of the results. Faxes, photocopies and scanned copies will not be accepted.

If your name appears on either registry, additional information will be required and we will advise you of the necessary next steps.
