7 Verifying Your Account: Two-Factor Authentication

Alinity uses two-factor authentication. This security feature verifies your identity when you log into Alinity for the first time or are using a new browser or device. When this happens, you will receive a code to the email you used to sign up with. Copy and paste the code into the field box on the screen and click on "Validate". You will then have access to your new CRNM profile.

The screenshot shows a web interface for account verification. At the top, there is a blue header bar with the text "College of Registered Nurses of Manitoba" and a question mark icon. Below the header, the main content area has a light blue background. It features a lock icon and the text "We just want to make sure it's you". Below this, a paragraph explains that a code has been sent to the user's email and provides instructions to check junk folders and enter the code exactly as shown. There are three input fields: a text box for entering the code, a "Validate" button, and a "Send new code" button.

We just want to make sure it's you

We have sent the code to your email address on file, if you don't receive it shortly please check your junk folders as well. Once you have the code enter it exactly as shown in the email to authorize this browser.

Enter the code sent to you

Validate

Send new code

If you have any questions, please email info@crnm.mb.ca.
